e-FOUR YEAR LIVE ONLINE CLASSROOM PROGRAM

for

JEE (Main & Advanced), 2026

(For Students Presently in Class VIII going to IX in the year 2022)

Synchronized study of X Board, XII Boards, International Olympiads and National Level Scholastic Exams like National Talent Search Exam (NTSE) and Kishore Vaigyanik Protsahan Yojana (KVPY)

The next best learning medium after offline Classroom Programs right at your doorstep.

Join from anywhere & experience FIITJEE's legendary pedagogy.

"The measure of intelligence is the ability to change". FIITJEE believes in moving ahead with time and ensures to always serve the student fraternity. In consonance with its numerous initiatives, FIITJEE takes yet another initiative & steps to the NEXT Level of teaching by launching FIITJEE e-School (bringing offline expertise to online). The e-School has been constituted and specifically been tailored to prepare the students going to Class VI, VII, VIII, IX, X, XI, XII & XII Pass Students for their academic goals. **These Live Online Classes would be a replica of FIITJEE's offline classes.** All the classes will be held in Online mode with LIVE 2-way communication, which means the students will be taught in real-time. Now, not only IIT-JEE aspirants but also students who are aiming to ace other competitive & scholastic exams like Boards, NTSE, KVPY & Olympiads from any corner of the country or abroad, can experience the true essence of our meticulously crafted pedagogy. We spread our wings and wish to reach each aspirant across the country and even from abroad who cannot join legendary FIITJEE Classroom Programs. Students are our Top Priority, and we believe nothing can stop them from acquiring the best guidance from Country's No. 1 Coaching Institute.

We are proud to say that our presence in 42 Cities with 76 Centres in India & Abroad (Bahrain & Qatar) has changed lives of many students. But now with FIITJEE e-School, students even from far flung or remote areas who were not able to join our classroom programs earlier can also connect with us and set out on a journey to attain definite success without any limitation.

It paves way for students as a golden opportunity knocks at their doors. No compromises, No Hassles, No Limitations – It's time for students to give up their concerns and choose to study with the best.

Prominent features of FIITJEE e-School:

- FIITJEE e-School is the best alternative of our offline courses - effective and powerful. If you cannot join an offline classroom program, live online classes are the best resort.
- Our Live online classes are much effective and take place in an optimum batch size. Students get individualised attention to reinforce the understanding of the topics & concepts.
- Top notch e-study material enriched with FIITJEE's vast experience of 29 years will be provided to you in the form of e-package, e-notes, e-assignments, e-CPP, e-quizzes, e-question banks & e-archives. Moreover, you can also avail the printed study material at a nominal cost
- Doubts, the biggest hurdle in JEE & other competitive exams won't pose an obstacle anymore in the aspirant's preparation. In our Live Online Classroom Programs, you will get dedicated live doubt clearing sessions.
- Online Parent-Teacher Meeting (ePTM) is an integral component of our Live Online Classroom Programs.
- Students joining our Live Online Classroom Programs would be treated as students of our flagship Delhi Centres and will be comprehensively prepared by its faculty members.

Note – Once a student enrols in FIITJEE e-School, he / she can later shift to an offline program by paying the fee difference (subject to the availability of the specific course and seat).

Program Focus & Objectives:

The Long Term Goal of this Program is to help each & every Student get a Top Rank in JEE. Moreover, equal emphasis is given on attaining maximum score in Boards as well as excellent performance in various other Engineering Entrance Exams. As NTSE is a major milestone in Class X, Students are meticulously prepared for delivering a remarkable performance in this Exam. KVPY is another such Exam which is a vital milestone in Class XI & XII. Students will be holistically trained & prepared to ace this important Exam too. These Four years of intensive IIT-JEE training will help Students to gain an edge over the competition.

Why Four Year Classroom Program?

IITs have restricted the number of attempts for JEE (Advanced). Students now just have two chances – one just after the XII board exams and the second immediately in the next year. They should try to succeed in JEE(Advanced) in the first attempt itself and not take unnecessary pressure as uncertainty of ill-health or any accidents while appearing for the second & last attempt could be too risky.

Till the eighties, it was alright if you started your preparation just after XI and at the beginning of XII, but even then to get Top Ranks you had to begin your preparation at the commencement of XI itself. In late nineties it became a norm to start preparation at the beginning of class XI and devote at least two years to train rigorously for JEE.

Now, with the increase in competition and keeping in mind that only two chances are available, only the very talented students can succeed by starting their JEE training in XI. But, if you do not have an inborn spark that can put you in Top rank students in JEE you have no other choice but to start as early as class IX to achieve the desired success in JEE.

Duration of Live Online Classroom Program –

Live Online Classroom contact hours of approx. 1287 hours (267 in class IX, 292 in class X, 427 in class XI & 301 hrs. in class XII) excluding–

- Reshuffling test

Online Support

- Automated Goal Setting software
- Diagnostic Tests
- e-study material (Study Packages)
- Chapter Based assignments, Tests & Practice Tests on myPAT platform
- JEE Main and Advanced Archive

START EARLY – BEAT THE COMPETITION

Serious students aspiring for success with a good Rank in the IITs understand the importance of starting early in their preparation for JEE. As the JEE becomes more competitive now, it is necessary to build a strong fundamentals base, as early as possible. FIITJEE's early edge programs are designed to give serious students that extra advantage that can help them get a Top Rank in JEE (Main & Advanced).

- Gives you more time to adapt to the quantum jump in the level of difficulty with better ease as there is more time for understanding and consolidation, which is spread over a longer academic plan.
- Optimum utilization of time available.
- Early starters will always have more time before the **actual Board & Engineering Entrance / Other Competitive / Scholastic Exams as their course curriculum will finish much before the batches starting later**.
- More time to consolidate on one's performance and for self-revision, polishing of examination temperament & removal of last moment doubts. This is very vital to help students achieve a quantum jump in His / Her Rank.
- As serious aspirants would never like to wait, the competence of the batch starting early would be very high as the brightest/serious of the lot will join at this stage thus giving you better competition you always wanted.
- Earlier tests & joining FIITJEE give you **more time for academics, and lower fees.**
